Atiksh Verma

Indianapolis/West Lafyette | +1 317 292 8651 | atiksh.verma@gmail.com | https://www.linkedin.com/in/atikshverma/

EDUCATION

Purdue University *Indianapolis, IN*

Bachelor of Science in Mechanical Engineering, Expected 2030

DPS International *Gurgaon, India | 2026*

International Baccalaureate Diploma Programme (IBDP)

- HL coursework in Mathematics, Physics, and Chemistry; SL in Economics, English, and Spanish
- IB Physics Extended Essay: investigated the relationship between AC voltage amplitude and oscillation frequency in a fixed-field solenoid engine

RESEARCH & ENGINEERING TEAMS

Vertically Integrated Projects (VIP): Aerodynamic Design of Pikes Peak Vehicle *Purdue Indianapolis | 2026 – Present*

- Building on the team's existing Pikes Peak vehicle models to improve aerodynamic performance over the current baseline
- Running CFD simulations in Siemens Simcenter STAR-CCM+ and modelling vehicle geometry in SolidWorks

Member, Purdue Space Program *2026 – Present*

- Learning rocket design and flight simulation in OpenRocket
- Developing CAD skills in Siemens NX

Karlsruhe Institute of Technology (KIT), International Summer School in Engineering *Karlsruhe, Germany | 2025*

- Selected for a university-level engineering summer program at KIT, one of Germany's leading technical universities
- Built a working Stirling engine, tested bridge designs, and characterized solar cells
- Completed lab work on electromagnetism, generators, and electric motors, plus CAD modelling

LEADERSHIP & INITIATIVES

Founder, Wespot (wespot.in), Automotive Journalism Org. *Gurgaon, India | 2025 – Present*

- Built India's first student-run automotive journalism platform, growing readership to 50,000+ unique readers
- Published 10+ articles and covered Auto Expo 2025 and Motorfest Gurugram

Founder, GreenFusion, E-Waste-to-STEM Sustainability Initiative *Gurgaon, India | 2024 – Present*

- Designed STEM experiment kits from recycled e-waste for rural students
- Earned recognition from the IB Youth Action Fund for sustainability impact

Deputy Editor, DPSI Model UN "Aurelia" *Gurgaon, India | 2024*

- Directed editorial operations and managed International Press publications

INTERNSHIPS & TECHNICAL TRAINING

Automotive Electronics & IoT Internship, IIT Delhi *New Delhi, India | 2024*

- Studied automotive sensor and ECU systems and telematics integration
- Built foundational IoT frameworks for vehicle data systems

Drone & UAV Internship, IIT Delhi *New Delhi, India | 2024*

- Learned UAV aerodynamics, stabilization systems, and flight control programming
- Assembled and tested UAV components alongside associates.

PROJECTS

F1 in Schools Engineering Challenge *Gurgaon, India | 2023*

- Designed and optimized miniature F1 car models using Fusion 360
- Performed aerodynamic analysis and contributed to team engineering documentation

AWARDS & HONORS

- Gold Medalist, World Scholar's Cup: Overall Scholar, Debate, and Team Debate (Regional, Bangkok, Thailand, 2025)
- Selected IB Youth Ambassador (National) for GreenFusion sustainability initiative
- Scored in the 98.67th percentile, HCL Jigsaw Olympiad national critical thinking competition (2021)

SKILLS

CAD & Simulation: SolidWorks, Siemens NX, Fusion 360, Siemens Simcenter STAR-CCM+ (CFD), OpenRocket
Technical: Python, MATLAB, IoT Systems, PCB Design, Microsoft Office, Adobe Premiere Pro, Photoshop
Languages: English, Hindi, Spanish
